Hi Robert,

The limit is fine for 11808 based on trend and the excel sheet. They did have a bump in sale for April which puts them over which we can monitor.

		3 Month	6 Month		3 Month Sales Average + 20% Buffer	Current Monthly Limit
Store Number	Drug Family	Average Sales	Average Sales	April Sales		
11808	Oxycodone	1939	2185	2696	2326.8	2500

Be Well,
 Chris

According to the data that we received, Store 11808 dispensed slightly over 2,000 dosage units of Oxycodone in both March and April and we rounded the limit to 2,500. Can you provide additional data that shows the increased dispensed amounts of Oxycodone for that location? We are reviewing the other stores and products and will adjust accordingly. Thank you.
